Care Foundation**

**Lynette Hillier  
Cancer Foundation Executive Director**

Date: October 01, 2009

**FOR IMMEDIATE RELEASE**

## **Power of Life Project and Kinsmen Club of Corner Brook Replace all the Chemotherapy Recliners in the Cancer Centre Western Region**

Corner Brook, NL: The employees of Newfoundland Power in the Corner Brook region and the Kinsmen Club of Corner Brook have donated 6 brand new Chemotherapy Recliners for the Cancer Centre Western Region. These new Chemotherapy Recliners are made by Stryker Medical but designed by Lazy Boy to provide cancer patients with a level of support and comfort. Cancer Patients can sometimes be in a Chemotherapy Recliner for several hours while undergoing treatment.

Ms. Lynette Hillier, Executive Director of the Cancer Care Foundation, said, “We are proud to join with Newfoundland Power, their employees, retirees and customers and the Kinsmen Club of Corner Brook in presenting these new Chemotherapy Recliners to the Cancer Centre Western Region. This investment of almost \$13,000 will enhance the comfort of our cancer patients for many years to come. We thank Newfoundland Power and the Kinsmen Club for their commitment to improving the lives of those living with cancer in our province.”

The Power of Life Project raises funds for cancer treatment equipment and support programs and promotes early detection and cancer screening through education and awareness programs.

The Dr. H. Bliss Murphy Cancer Care Foundation develops, stewards and distributes charitable resources to enhance treatment and supportive care programs for cancer patients, fund local cancer research initiatives and provides continuing education opportunities for staff of the Dr. H. Bliss Murphy Cancer Centre and affiliated cancer programs in Newfoundland and Labrador.
